

GMV: Pet Policy

To obtain permission for a pet you will need to write to the concierge providing a clear picture of the pet you wish to keep accompanied by a Pet CV. Once your request has been received, your application to keep a pet will be considered.

Should your application be accepted and permission granted, you will be issued with an authorised 'pet passport'. This will act as a licence for your pet whilst living here at GMV. Please keep this document safe as you must be able to produce the document on request.

This passport is fully revocable at any time and will only be issued to the owner of the property. You will be required to surrender any previous pet passports before attempting to obtain a new one, as you are only permitted to have one cat or one dog per household.

I would like to draw your attention to the rules concerning the keeping of pets, in particular to the section dealing with nuisance. As the owner of the pet and the holder of the lease you accept full responsibility for the pet, and must not let the pet cause any nuisance (noise or otherwise) at any time.

Whilst permission for a pet may be granted, you must not keep a kennel or such like on the terrace/balcony, nor should you leave your pet unattended on the terrace or balcony area for extended periods of time.

In the event that we receive a complaint about the pet, an investigation will be carried out. Should the complaint(s) be upheld this could lead to the pet passport being withdrawn and a notice being served on you to remove the pet from the property. Should you fail to do this, you will be in breach of your lease agreement.

Whilst it is not our intention to exclude anyone from living here at GMV, we must take into consideration the wider Village community. As such we take the policy seriously and we expect those signing up to it do so also. Fraudulent applications will not be tolerated and in the event of any such application being received; the leaseholder may not be able to apply for permission to keep a pet in the future.

The policy will not be extended to tenants renting from private/social landlords. Therefore if you are a tenant of a GMV lease holder (including MOAT Tenants), you will not be able to keep a pet within

the property under any circumstance. It remains the responsibility of the leaseholder to ensure those living in their property abide by the rules of the village, and action will be taken against any leaseholders not adhering to their lease conditions.

Please be aware that until you have received an authorised Pet Passport back from us, you do not have permission to keep a pet at your property.

Other Pets

Other pets may require permission and you seek advice from the Managing Agent in this respect.

Certain breeds/species may be refused permission if they are not considered to be in keeping with communal living.

It is Important to Note the Lease states that no pets are to be kept in the Village without the previous consent in writing of the Landlord or the Management Company.

This policy only applies to leaseholders of GMV. Should you be a private or social tenant of a GMV leaseholder, you will not be permitted under any circumstances to keep a pet.

Should it be found that a pet is being kept within the property without prior permission, or that a pet is being kept by a sub-tenant of a GMV Leaseholder, action will be taken against the Leaseholder who will be deemed as being in breach of their lease.

All approved pets must be in possession of a Pet Passport.

Requesting Permission In order that your request to keep a pet is considered, you must first request permission in writing including a "CV" for your pet including as much information to support your request.

Your pet's CV should include your pets':

Breed, size, age, activity level, whether your dog is a pure breed, positive traits, try to highlight your dog's history of good behaviour and house training; if your dog has attended and completed training classes, if your pet is neutered.

You must also provide a clear full (side view) picture of your dog, where possible with its head facing forward. Where this is not possible in the same shot, two pictures will suffice.

Until you have received a Valid Pet Passport back from us, you do not have permission to keep a pet at your property.
